MARION COUNTY HOSPITAL

First Annual Meeting of the Association—The Institution is in a Sound Financial Condition—Plans for a New Building.

The Ocala Hospital Association held its first annual meeting in the reception room of the hospital yesterday afternoon. President Ben Rheinauer in the chair and Assistant Secretary D. S. Woodrow at the desk. Other members present were Doctors Von Hood, Walter Hood, A. L. Izlar, W. H. Powers, W. V. Newsom, Messrs. B. A. Weathers, George MacKay, T. T. Munroe, M. Strauss, F. E. Harris, C. L. Bittinger, Herman Benjamin, Rector Harrison and Frank Gadsden and J. W. Alexander.

Mr. Woodrow read the by-laws, and the same were approved.

Reports of Officers

Dr. Izlar submitted his report, which is as follows:

Secretary

To the Marion County Hospital Association: Gentlemen—I have to make the following report of the business of the hospital since the organization of the present association to date from the 17th of May, 1905. The following Old accounts have been made:

Old accounts.....\$254.16
Commissary.....551.10
Expense account.....502.50
Rent and water.....240.00
Drugs, etc.....23.23
Matron and nurses.....434.50
Furnishings, etc.....292.75
Real estate.....200.00
Total.....\$2,578.64

Treasurer

Report of T. T. Munroe, treasurer:

Amount rec'd during year.....\$3,479.40

Total amount expended.....2,578.64

Balance on hand.....\$800.76

Of this amount there was paid

out for ordinary expenses.....\$2,278.60

Lot for new hospital.....300.00

Total.....\$2,578.64

Income was derived from the following sources:

Voluntary contributions.....\$2108.61

Fees from patients.....1370.79

Total.....\$3479.40

Number of patients treated.....196

Contributing members of association.....147

The secretary stated that the treasurer's report showed only 106 patients

treated but as some of these patients were treated more than once, there were in reality 159.

The furnishings of the hospital amount to \$675.49, which Dr. Izlar deemed a very low valuation.

All of the reports were filed for information.

An auditing committee, consisting of Messrs. MacKay, Harrison and Bittinger, was appointed to report at the next meeting.

President

Mr. Rheinauer read his annual report, tossing bouquets with the skill and grace of a born diplomat, and as the paper is a gem we reproduce the same for the pleasure and profit of the reader:

"The successful termination of this year's management has been mainly due to the liberal pecuniary assistance given by our good hearted fellow citizens; the collection of these donations, which entailed a great deal of work, was accomplished by our diplomatic, easy and even tempered treasurer, Mr. T. T. Munroe, who deserves a great deal of credit for his diligence and painstaking labors.

"Secondly, we can attribute a great deal of our success to the untiring efforts of our assiduous secretary, Dr. Izlar, the watch dog of the disbursement of these funds. I can honestly make the assertion that he has scrutinized every bill before he has put up on the same his o. k.

"Thirdly, our assistant secretary, Mr. David S. Woodrow, has performed all work put upon him in his usual careful and agreeable manner. I take great pleasure in throwing a little bouquet in his direction.

"Last, but not least, to our own Dr. E. Van Hood, who does things in his own way, has ever been mindful of the best interests of this institution and has given to it his unremitting care."

The report so excited George MacKay, who must have had an eye to the presidency, that he said it was an electioneering document, which created great excitement, while the modest but astute president blushed all the colors of the rainbow and showed signs of fainting, but a motion was made to reelect him, which was seconded and passed ere Ben could recover his composure.

Dr. Izlar was named for re-election for secretary and so quickly was the motion carried that he had not time to enter a protest, which he did attempt to do, but was ruled out of order.

Mr. Woodrow was again elected assistant secretary and T. T. Munroe treasurer.

Two managers had to be named and Doctors Van Hood and W. V. Newsom were re-elected, though Dr. Newsom pleaded poor health and feared he must leave the city for a while. Mr. Woodrow eased his mind by assuring him that in case of absence or sickness he would assume his duties. The officers elected and the two managers will name the medical staff for the hospital.

Dr. Izlar was manager last year and did the work so well he won the praise of all the doctors and officers.

Mr. George MacKay submitted a rough draft of a new building to be erected on the lot recently purchased by the hospital association in front of the residence of Col. J. M. Martin. The hospital is to be built in the pavilion style, which style is now receiving the endorsement of the medical world.

The main or administration building is to be two stories and the various wards, which are to be detached from the main building are to be one story. There are four of these wards and in all thirty-two rooms, covering a space of 200x100 feet; to cost \$9,100 and if built of brick or stone, \$1,200 more to be added.

Under Mr. MacKay's plans the buildings are to be lighted by electricity and heated by steam. Immediate efforts will be made to raise this amount and quite a number of people have already signified their willingness to contribute \$100 and some, perhaps, larger sums.

Mr. Weathers said that without any disparagement of previous management, one reason for the success of the present administration was that it ran the hospital on strictly business principles.

President Rheinauer called on Editor Harris for a speech as this was the first time he had been present at a meeting. Mr. Harris declined, though George MacKay said he could talk on the state railroad commission if he desired to. Mr. Harris seemed to think the columns of his paper offered him all the latitude he needed.

Dr. Izlar made a few remarks on the benefit that visits of contributors and friends were to those in charge; that they would encourage the matron and stimulate the nurses to keep everything in order.

Mr. Munroe, who is an ideal treasurer, made the gratifying statement that out of the original 149 contributors only four had fallen out. He said that dues were paid with a promptness and cheerfulness that made holding the office a pleasure.

The matter of adopting plans for a new building will be taken up by the management later, when committees will be named to solicit funds.

There being no further business the meeting adjourned, each member congratulating the others that it was the most successful and satisfactory meeting that had ever been held in Ocala by this association.

"NOW IS THE TIME"

The City Electric Light Plant will soon be ready to deliver electricity to all who desire the same.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 South Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak loud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the council." This remedy is for sale by the Post-office Drugstore.
